## D-MDH-310 RECESSED WALL MOUNT

BHMA  
C00011

The newly designed 2000 Series Electro-magnetic Door Holders is now Tri-Voltage. Each model 24V AC/DC or 120V AC. Units can be used on fire/smoke barrier doors held open until released by a remote switching device. They can also be used to just hold a door open. The armature is thru-bolted to the door for security and can be provided with any projection required. When ordering indicate model, total projection, finish and door thickness if other than 1-3/4".

- 30-45 pound holding power
- Underwriters US and Canada Listed California State Fire Marshal Listed New York City MEA ANSI/BHMA 156.14
- Most models available in US28, sprayed finishes and US32D

\* 2-5/8" with 1" extension
